WHO WE ARE

Khalifa Alghosaibi Investment Co, C.J.S.C. has 12 subsidiaries with 3,000+ employees, headquartered in Dammam. Founded by Sheikh Khalifa Alghosaibi, the company has investments globally. The family has a rich history in business and continues to adapt to market challenges. The Board focuses on diversity and seeks new opportunities for growth. We have a strong project development background across various regions.

VISION

To be the most successful holding company, operating with the highest level of integrity, focusing on sustainable growth and long-term value creation and empowering our subsidiaries to unlock their full potential.

MISSION

Our mission is to actively foster sustainable growth and innovation in every industry we touch, empowering our subsidiaries to excel and generate enduring value for all stakeholders globally. Through solid commitment to excellence, integrity, and responsible stewardship, we drive positive transformation, shaping a brighter future for present and future generations.

PEOPLE

To be the most successful holding company, operating with the highest level of integrity, focusing on sustainable growth and long-term value creation and empowering our subsidiaries to unlock their full potential.

PERFORMANCE

Together, we produce remarkable results that nurture a sustainable future.

INTEGRITY

Because integrity is the core of our organization, serving as the foundation of our values and guiding every aspect of our operations. Performance without integrity has no place in our organization.

The Alghosaibi's of the 1800s transported goods between the fertile coast of the East of the Arabian Peninsula and the scorching sands of its central region of Najd. They were entrusted to collect taxes in Huraymlah on its governor's behalf. Like many Najdi families of prominence in the 1880s, the Alghosaibi's, constrained by the devastating drought have relocated to the Eastern Province of Al-Ahsa in 1885. Shortly the presence extended to Bahrain. From these two key locations began the parallel stories of wealth and influence that defined the family for the centuries to follow.

Khalifa A. Alghosaibi, the eldest son of Abdulrahman, was born an ambitious entrepreneur with forward-looking business ideas, unconventional to his time and region. With very limited resources, he founded a business supplying the Saudi army with food imported from Egypt, delivered through the port city of Jeddah. The Alghosaibi's trade expansion and their multiple social, political and economic roles upheld the family as key players in the Arabian Peninsula's history. With pearling at the heart of the Alghosaibi's businesses, the introduction of Japanese cultured pearls during the 1930s had an inevitability vast impact on finances.

In 1950 Khalifa A. Alghosaibi has cofounded Gulf Aviation company which later become Gulf Air , in 1963, Khalifa A. Alghosaibi, aided by Aramco's Local Industrial Development Department, successfully established the Khalifa Alghosaibi Fishing Company, owning at its peak over sixteen trawlers and exporting to the United States of America over \$5 million worth of shrimp under the brand name "Ocean Reef". In 1964, the Khalifa A. Alghosaibi Holding Company expanded into the field of specialty commercial diving with the establishment of the Alghosaibi Diving and Marine Services Company (ADAMS). In 1968 further expanded to FMCG distribution through Khalifa Alghosaibi Cold Stores Co. (KACS).

1800

1900 - 1950

1950 - 1970

This period witnessed the Group's expansion to include Hospitality and Catering (AGS), Spectrum Chemicals, a trusted manufacturer in the United Kingdom of polyurethane and specialty construction systems, construction of the Algozaibi Residential Compound (Las Dunas) as well as establishment of Saudi Road Marking Co. Ltd (ROMAC) and National Road Studs Co.(NRS). Determined to grow without interruption, Khalifa A. Algozaibi continued to invest in new businesses in the 1980s, adding to his already impressive portfolio the Sigma Paints in 1981 as a joint venture with PPG Industries, Construction Materials Chemical Industries (CMCI) in 1984, and the Arabian Vermiculite Industries (AVI) in 1985.

The Khalifa Algozaibi Trading Company (KAT) was established in the 1990s, along with the Algozaibi Oil Field Services Company (AOS).

In 2017, we restructured, transforming the Holding Company into a Closed Joint Stock Company under the current name of Khalifa A. Algozaibi Investment Co. (KAI). In 2020, KAI acquired AsasTraining Institute (ATI), which now delivers top-quality vocational training. That same year, KAI participated in establishing Silver Star, a logistics service company.

In line with Vision 2030 and meeting international demands, we established the Specialized Industrial Casting Company (SICAST) in 2021. Equipped with state-of-the-art machinery and managed by experienced professionals with key roles in renowned steel foundries across Europe, the Middle East, and India, SICAST is well positioned to contribute to Saudi Arabia's economic transformation and prosperity. We are dedicated to executing complex customer projects, forging effective partnerships, and building on our rich legacy, deep expertise, and extensive network.
